## Product Specification

**The renowned manufacturer of driving lights, IPF Lighting, is back again adding to their wide range of light products with the new IPF Xtreme LED Sports 900XLS Series 2 Lights.**

Tough and lightweight, the new IPF Xtreme LED Sports 900XLS Series 2 Lights feature high transparency, reinforced polycarbonate lenses for superior quality. With advanced heatproof reflectors, these extreme performance lights also incorporate water and dust-resistant components for all off road conditions. The improvements in light output and performance (of up to 28%) are very obvious and well received. The photos below show the improved performance:

## Features

- Unique hybrid combination design using TRI-WALL REFLECTOR™ delivers clean and powerful beam patterns
- Employs state-of-the-art CREE high power LEDs to deliver high intensity white light
- Internal mount high quality LED driver circuit fitted with waterproof Deutsch DT-6 connectors
- Super tough die cast alloy body incorporating finned heatsink
- Integrated lens and ring molded in extremely tough UV stabilized and hard-coated polycarbonate resin reflector
- Proven multi-directional mounting base using stainless steel cup, die cast alloy pedestal and M12 heavy duty mounting stud
- Submersible, sealed-for-life design (IP68) using highly advanced, heatproof resin reflector incorporating water and dust-resistant membrane breather
